Quick Start Guide

1. Download Software Image
   Raspberry Pi Zero/Zero W: https://bit.ly/haxo-rpiz
   Raspberry Pi 4: https://bit.ly/haxo-rpi4
   Raspberry Pi 3: https://bit.ly/haxo-rpi3

2. Download Raspberry Pi Imager from here:
https://www.raspberrypi.com/software/

3. Use Raspberry Pi Imager software to copy the software image onto a 16 MB SD Card

4. Insert SD Card into Raspberry Pi

5. Attach Raspberry Pi to Haxophone

6. Optionally attach a mouthpiece. You may use the attached washi tape roll to adjust the neck diameter to your mouthpiece.

6. Power Up and wait for the LED to stop blinking (about 1 minute)

7. Play!
